Dear Hiring Team,

I am writing to express my interest at your organization. With over three years of experience working with Java, Spring, Spring Boot, Microservices, Oracle PL/SQL, and GitHub, I am confident in my ability to contribute effectively to your development team.

Throughout my career, I have gained extensive experience in designing, developing, and maintaining scalable applications using Java and its associated frameworks. My expertise in Spring and Spring Boot has allowed me to build robust applications, and my proficiency in Oracle PL/SQL has helped optimize database-driven applications. I have also consistently used GitHub for version control, ensuring smooth collaboration and code integration within teams.

In addition to my technical skills, I am highly detail-oriented, a problem solver, and committed to delivering high-quality results. I thrive in fast-paced environments, and I am eager to bring my expertise to a team that values innovation and efficiency.

I would welcome the opportunity to further discuss how my skills and experience align with your organization's needs. Thank you for considering my application. I am available for an interview at your convenience and can be reached at +918158887147 or someshwarsarkar9851@gmail.com.

Sincerely,

Someshwar Sarkar
